Feature phone is a term typically used as a retronym to describe a class of devices that are still technically otherwise smartphones, besides their lack of highly advanced hardware and capabilities of modern ones. Feature phones tend to use a proprietary, custom-designed software and user interface, and typically provide voice calling and text messaging functionality in addition to basic ...

The Galaxy A6 is a very attractive mid-range phone offering a similar package to the A8 but at a much lower price point. We like the design and build quality with the main features being the tall screen with small bezels and decent cameras.

Samsung Galaxy A6 Reviews, Specs & Price Compare

Many reviews noted that while the screen was 5.3-inches, the phone feels comparable to newer 5.5-inch phones due to its extended bezels. For performance, itâ€™TMll depend on your region.
